

**Serial No. 09/910,510**

Amendments to the claims

1. (original) A method for use in a server serving a user of a communication device, the method comprising:

- maintaining a plurality of profiles of the user, which reflect different personae of the user;
- receiving, through a communication network, requests for information from the communication device;
- collecting requested information from one or more sources;
- storing the collected information in accordance with the profiles; and

providing, over the communication network, selected information to the communication device.

2. (original) The method of claim 1 wherein the profiles include a personal profile.

3. (original) The method of claim 1 wherein the profiles include a business profile.

4. (original) The method of claim 1 wherein the profiles include a vacation profile.

5. (original) The method of claim 1 wherein the one or more sources are connected to the Internet.

Claims 6-25 (cancelled)

**Serial No. 09/910,510**

26. (new) The method of claim 2 wherein the personal profile includes a medical record, at least part of the collected information comprising personal medical information being stored in the medical record.

27. (new) The method of claim 1 wherein one of the profiles includes a financial record, at least part of the collected information comprising financial information being stored in the financial record.

28. (new) The method of claim 1 wherein the collected information concerns different resources, the collected information being stored in the profiles based on locations of the resources.

29. (new) The method of claim 1 wherein the collected information concerns different resources, the collected information being stored in the profiles based on types of product or service provided by the resources.

30. (new) The method of claim 29 wherein one of the types of product or service concerns entertainments.

31. (new) The method of claim 29 wherein one of the types of product or service concerns restaurants.

32. (new) The method of claim 29 wherein one of the types of product or service concerns current events.

33. (new) A system for serving a user of a communication device, the system comprising:

**Serial No. 09/910,510**

storage for maintaining a plurality of profiles of the user, which reflect different personae of the user;

an interface for receiving, through a communication network, requests for information from the communication device;

a processing unit configured to collect requested information from one or more sources, the collected information being stored in accordance with the profiles; and

a mechanism for providing, over the communication network, selected information to the communication device.

34. (new) The system of claim 33 wherein the profiles include a personal profile.

35. (new) The system of claim 33 wherein the profiles include a business profile.

36. (new) The system of claim 33 wherein the profiles include a vacation profile.

37. (new) The system of claim 33 wherein the one or more sources are connected to the Internet.

38. (new) The system of claim 34 wherein the personal profile includes a medical record, at least part of the collected information comprising personal medical information being stored in the medical record.

39. (new) The system of claim 33 wherein one of the profiles includes a financial record, at least part of the collected information comprising financial information being stored in the financial record.

40. (new) The system of claim 33 wherein the collected information concerns

**Serial No. 09/910,510**

different resources, the collected information being stored in the profiles based on locations of the resources.

41. (new) The system of claim 33 wherein the collected information concerns different resources, the collected information being stored in the profiles based on types of product or service provided by the resources.

42. (new) The system of claim 41 wherein one of the types of product or service concerns entertainments.

43. (new) The system of claim 41 wherein one of the types of product or service concerns restaurants.

44. (new) The system of claim 41 wherein one of the types of product or service concerns current events.
